Our Philosophy

We believe

that we honor God by serving His people. To that end, we offer our best work at the most affordable possible. The quality, comfort, and durability are all built in and backed for a lifetime of service.

“Not slothful in business; fervent in spirit; serving the Lord” Romans 12:11

QUALITY CHURCH FURNITURE – SOLID OAK CONSTRUCTION

FULLY PADDED PEWS AT THE BEST PRICE IN AMERICA GUARANTEED!

At Born Again Pews, we believe in old fashioned American craftsmanship. We build your new church furniture from solid oak, using a process called solid panel construction. In this process the grains are offset when the two panels of solid wood are joined together, helping eliminate splitting that comes from butcher-block construction. Our solid wood ends and supports are guaranteed for as long as you have the pews installed in your building.

In our finishing department, we use only the finest stains and finishes available. We apply two coats of sealer and three coats of high gloss lacquer, offering many Minwax® finishes to choose from. In addition, our fully upholstered pew comes with the commercial grade, stain resistant fabric of your choice. There are many styles and colors of fabrics to choose from, and samples are available upon request.

In the padding department, our pews are designed for comfort, with a 4” cushioned seat and with lumbar support in the right place to help align back muscles and offering a most comfortable seat and back combination.

Here at Born Again Pews, we custom build pulpits and pulpit furniture. We can custom build a pulpit to fit your church needs. We do not have one certain pattern that we follow, thus making every pulpit and communion table unique. "While we have standard designs, we certainly can custom build your design to offer you a unique pulpit or communion table."

Victory Pulpit

What about your old pews ?

We offer an assortment of used pews for sale at all times. Our inventory is always changing so feel free to contact us at 540-484-4913 to inquire about current inventory. We also take trade-ins and buy pews at all times. We offer a turn key job (delivery, set up and anchoring) anywhere in the United States, or you may pick them up at our shop. Re-upholstery and cut downs also available. Contact us now so that we may discuss your pew needs. You can also sell your old furniture to another church at www.usedpews.org !
