- **10/12 roof pitch & over will add \$250.00 to prices above***

FLORIDA - Sorry, no Factory installations are available for Florida. The state of Florida now requires a contractor's license and separate worker's comp insurance specifically for their state in order to perform installations. They also have stringent permitting and structural requirements that local contractors are usually better able to handle for the customers. We apologize for any inconvenience this may cause.

Just a reminder- please make sure you submit the Installation Information form and Installation Agreement at the time you place an order requiring installation. This will help us appropriately place the bracing and arrange the crane, etc. and save time for all of us.

Exchanges

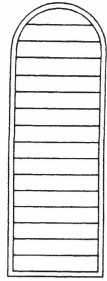

Exchanges are allowable within 2 weeks of delivery (that means 14 days) for a 30% restocking fee plus shipment both ways if all items are returned in new condition.

For assistance or delivery rates please call 1-800-639-7397
